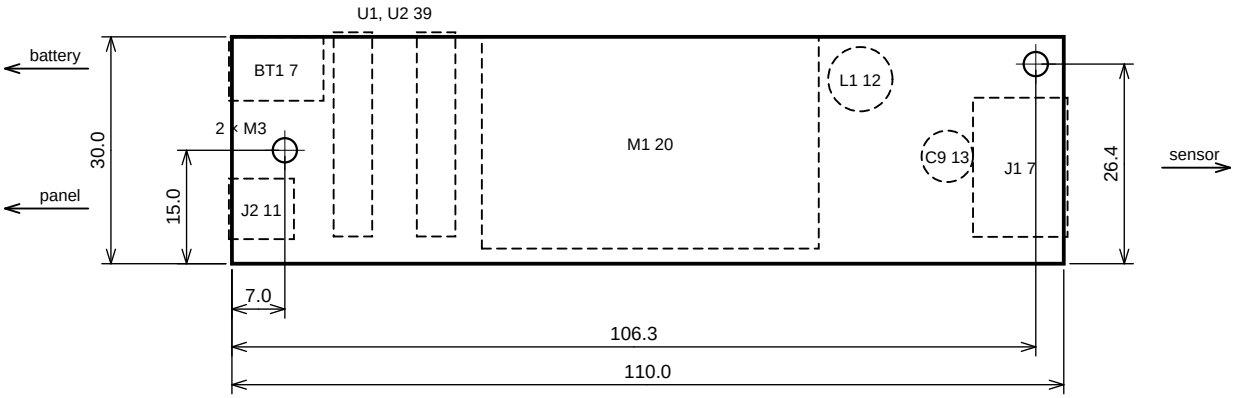
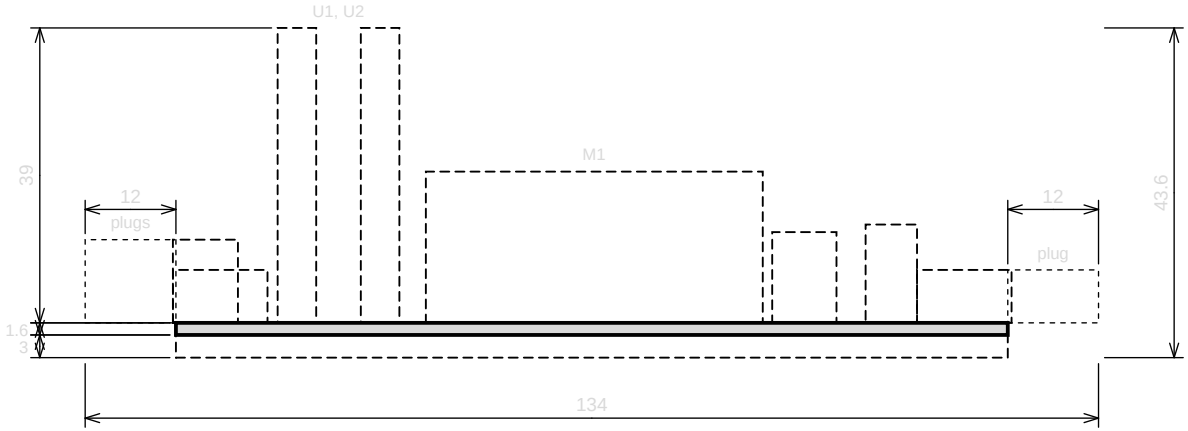
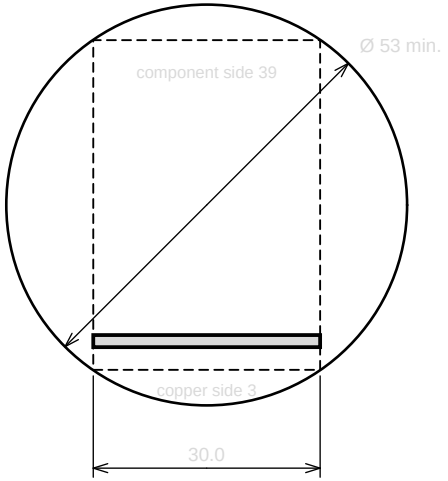
A COMPONENT SIDE



B SIDE VIEW



C END VIEW, SMALLEST ROUND TUBE



Dimensions in millimetres. Heights are above the board, for the parts listed in VNT-002.

Board 110 × 30 × 1.6 mm, same outline and M3 hole pattern as the sensor board.

Envelope 134 × 30 × 43.6 mm with 12 mm at each end for the plugs.

A round tube needs an inner diameter of at least 53 mm; allow 2 mm more.

Battery lead and panel wires leave at the left end, the sensor cable at the right end.

U1, U2: INA226 module standing in an 8.5 mm socket; 39 mm covers a 27 mm module.

M1: CN3791 module on 8.5 mm sockets, within 44 × 28 mm.
